# Consonant Clusters (CC)

### Unit CC1-A [C + l] glass—[C + r] grass

#### Story

*Listen to the story as your teacher reads it, or on tape, until you understand the main ideas.*

Everybody does something different for a living. Glen is glad for any job that allows him to work outside. He likes the freedom and the sunshine outdoors. He especially likes to work on new houses.

When a new home is built, Glen's favorite job is installing (1) **glass** in the windows. He likes windows because they let light into the house and make the inside bright and cheery.

Then he works on the landscaping. He puts in all of the plants—bushes, flowers, trees, and (2) **grass**.

After a new house is finished, Glen tries to drive by it as often as he can in the following months. He enjoys watching people turn the house into a home, and he likes watching the new plants grow. Glen is grateful for the variety in his work and the sense of accomplishment it gives him.
